1 | KEY INFORMATION SUMMARY

What is this?

The Fisher Funds TWO KiwiSaver Scheme (Fisher Funds TWO KiwiSaver¹) is a managed investment scheme. Your money will be pooled with other investors' money and invested in various investments. Fisher Funds Management Limited ('Fisher Funds', 'we' or 'us') will invest your money and charge you a fee for its services. The returns you receive are dependent on the investment decisions of Fisher Funds and the performance of the

investments. The value of those investments may go up or down. The types of investments and the fees you will be charged are described in this document.

What will your money be invested in?

Fisher Funds TWO KiwiSaver gives you a choice of funds to invest in. These investment options are summarised below. More information about the investment target and strategy for each investment option is provided in Section 3.

GlidePath

Fisher Funds offers clients the GlidePath service which automatically invests your savings in a mix of funds according to your age. GlidePath makes adjustments to your investments every year for you, starting when

you turn 28, so you can get on with living your life. You have freedom to opt in to, or out of, GlidePath at any time. Below is an example of how your savings would be invested at a range of ages if you take up GlidePath.

Age	How your savings are invested	Risk indicator	Estimated annual fund charges
25	100% Equity Fund		1.15%
40	32% Equity Fund 68% Growth Fund		1.08%
55	11% Growth Fund 89% Balanced Fund		0.95%
65	17% Balanced Fund 83% Conservative Fund		0.93%
75	92% Conservative Fund 8% Preservation Fund		0.90%

There's no extra charge for GlidePath. The annual fund charges for the relevant fund(s) apply.

See Section 4 for an explanation of the risk indicator and for information about other risks that are not included in the risk indicator. To help you clarify your own attitude to risk, you can seek financial advice or work out your risk profile at ipq.fisherfunds.co.nz/fftwo.

Who manages Fisher Funds TWO KiwiSaver?

Fisher Funds Management Limited is the manager of Fisher Funds TWO KiwiSaver. See Section 7 for more information about us.

How can you get your money out?

KiwiSaver is a long term investment, designed to help you save for your retirement. It's not a savings account, where you earn interest and can access your money when you like. In most cases, while you can watch it grow and change how it's invested, you can't withdraw until you reach the age of 65.

In some cases, like if you buy your first home, suffer a serious illness or significant financial hardship, die, or permanently emigrate to somewhere other than Australia, you may be able to cash in some or all of your investment early. See Section 2 for more information.

How will your investment be taxed?

Fisher Funds TWO KiwiSaver is a Portfolio Investment Entity (PIE). The amount of tax you pay in respect of a PIE is based on your prescribed investor rate (PIR). This can be 10.5%, 17.5% or 28%. See Section 6 of the PDS ('what taxes will you pay?') on page 15 for more information.

Where can you find more key information?

Fisher Funds is required to publish quarterly updates for each investment option. The updates show the returns, and the total fees actually charged to investors, during the previous year. The latest fund updates are available at ff2kiwisaver.co.nz/resources. The manager will also give you copies of those documents on request.

2 | HOW DOES THIS INVESTMENT WORK?

Fisher Funds TWO KiwiSaver is a long term investment plan aimed at helping you save for your retirement.

What are the benefits?

Joining KiwiSaver and making regular contributions is a smart choice because:

- » **It's easy.** Your employer will automatically take contributions from your pay on your behalf if you're working. If you're self-employed, or not working, you can set up a direct debit, so your savings will happen regularly. You also know exactly what's happening with your nest egg with instant online access to your investment information.
- » **Bonus savings.** Your regular contributions aren't the only additions to your savings. The Government also contributes up to \$521 per year, and if you're working and contributing from your salary, your employer will contribute at least 3% of your salary or wage.*
- » We offer our Fisher Funds TWO KiwiSaver clients a **choice** of funds to invest in, and we have a team of KiwiSaver experts ready and waiting to help you make the best decisions; matching your saving goals to your needs.
- » **No fuss.** We make investing even easier with GlidePath, our automatic investment service which adjusts how your savings are invested depending on your age (our set and forget option).
- » **Flexibility.** KiwiSaver can help you to save for your first home and offers great Government bonuses if you qualify.

* As long as you are over 18 and not entitled to make a retirement withdrawal.

How does it work?

When you join, you become a member of Fisher Funds TWO KiwiSaver. Money you invest is used to buy units in the fund or funds that you are invested in.

- » Each unit you buy will have a price calculated each business day based on the value of the fund's assets at the time.

- » Changes in the value of the fund's assets (up or down) are reflected in the unit price.

Fisher Funds TWO KiwiSaver is a trust governed by a Governing Document between Fisher Funds and Trustees Executors Limited ('the Supervisor').

Your investments are held by a custodian appointed by the Supervisor, who is independent from Fisher Funds.

Each fund is accounted for separately so assets in one fund can't be used to meet the liabilities of another.

There is no Crown guarantee in respect of any KiwiSaver scheme or investment product of a KiwiSaver scheme.

Responsible investment

Responsible investment, including environmental, social, and governance considerations, is taken into account in the investment policies and procedures of the scheme as at the date of this PDS. You can obtain an explanation of the extent to which responsible investment is taken into account in those policies and procedures at ff2kiwisaver.co.nz/responsible-investing.

Joining the scheme

It's easy to join Fisher Funds TWO KiwiSaver and it's open to most people, if you're:

- » living or normally living in New Zealand; and
- » a New Zealand citizen (or are entitled to live in New Zealand indefinitely),

we look forward to welcoming you. Please give us a call or simply fill in the application form at the back of this document.

If you have been enrolled in Fisher Funds TWO KiwiSaver because it is your employer's preferred KiwiSaver scheme you'll be invested in the Balanced Fund, however at any time you can choose your own investment option. You have the choice to opt out of KiwiSaver between 14 and 55 days after you started your new employment.

Making investments

Regular contributions to your investment will help you reach your financial goals. With KiwiSaver you may also get extra help with your retirement savings. Both the Government and your employer can contribute to your investment. Below we explain the three ways to build your Fisher Funds TWO KiwiSaver nest egg.

1. You contribute
2. Your employer contributes
3. The Government contributes

You contribute

If you're a salary or wage earner

- » You'll need to make regular contributions from your pay.
- » The minimum amount is 3% of your before tax salary or wages, however you can choose 4%, 6%, 8% or 10%.
- » You're in control, so at any time you can change your contribution rate to one of the rates above, or after a year take a savings suspension, where you stop making contributions for a period of up to 12 months (you can apply for another savings suspension when your current one ends).
- » Your employer will automatically deduct your contributions and send them to us via Inland Revenue.

If you're self-employed or not employed

- » You can set up regular payments via direct debit which can be any amount you wish.

All investors can make voluntary lump sum or regular payments into their Fisher Funds TWO KiwiSaver account, or transfer savings from another KiwiSaver scheme.

Your employer contributes

A great benefit of being a KiwiSaver member is that, if you're contributing, your employer is also required to make regular contributions to your KiwiSaver. They'll contribute a minimum of 3% of your before tax salary or wages (or more – check these details with your employer) if,

- » you are between the ages of 18 and 65²; and
- » you're not on a savings suspension and are contributing.

Your employer deducts Employer Superannuation Contribution Tax from their contributions before they are applied to your KiwiSaver account.

The Government contributes

You may also receive a Government contribution of up to \$521.43 a year (50 cents for every \$1 you contribute up to a maximum of \$1,042.86) as long as you;

- » are between the ages of 18 and 65²; and
- » mainly live in New Zealand.

² If you joined KiwiSaver (or a complying fund) before 1 July 2019, a 5 year minimum membership requirement applies if you were aged 60 or over when you joined. During the 5 year minimum membership period you are entitled to the Government contribution, and compulsory employer contributions if you are contributing from your wages or salary. Once you've reached the age of 65 you can opt out of this requirement and make a partial or full withdrawal, however if you do so you will forgo your entitlement to the Government contribution and compulsory employer contributions.

Withdrawing your investments

KiwiSaver is a long term investment plan, designed to help you invest for the lifestyle you'd like to enjoy in the future. In most cases you can't withdraw until you've reached the age of 65. In some cases, like when buying your first home, you may be able to cash in some or all, of your investment early. The table below explains some of the withdrawal options.

* The kick-start payment was a \$1000 tax-free Government contribution made to all KiwiSaver members who joined before 2pm, 21 May 2015.

You can also access your investment where any Act or court order requires a withdrawal.

How to switch between funds

Fisher Funds TWO KiwiSaver offers you the flexibility to switch between funds, change how much you invest in each fund, or opt in to, or out of our GlidePath service at any time with no switching fees. To do this log in to our online portal or complete a switch form at ff2kiwisaver.co.nz

Talk to one of our advisers or take our investor profile questionnaire at ipq.fisherfunds.co.nz/fftwo before you make any decisions.

3 | DESCRIPTION OF YOUR INVESTMENT OPTIONS

Fisher Funds TWO KiwiSaver provides you with flexible investment options so you can choose what's right for you. One of the most important decisions you make when joining KiwiSaver is how you want to invest your savings. Many people don't know much

about investment strategies and risk indicators and that's why we're here to help you.

We offer two main investment options which have been designed to make it easier for you to save for your retirement.

1 Select or build your own investment mix

Choose one of our investment funds (detailed on the next page) or a mix of them to suit your financial goals.

2 GlidePath

Choose GlidePath, our service which automatically invests your savings in a combination of funds based on your age.

GlidePath may not be suitable for you if you plan to use your KiwiSaver account for your first home purchase.

To help make the investment jargon in the following table a bit easier to understand, we've used the following terms.

Income assets — lower risk investments such as cash and fixed interest securities.

Growth assets — higher risk investments such as shares and property.

The funds can also hold derivatives (contracts that are valued based on the performance of other assets e.g. for currency hedging purposes) and alternative assets (such as investments in commodities), however there is no specific allocation to these investments.

The funds can hold assets either directly or indirectly through other funds.

The aim and investment strategy for each fund can be found in the Fisher Funds TWO KiwiSaver Statement of Investment Policy and Objectives (SIPO). We regularly review and update the SIPO (in consultation with the Supervisor). When changes are made we will communicate these to you in our annual report.

Our current SIPO for Fisher Funds TWO KiwiSaver is always available at www.companiesoffice.govt.nz/disclose or at ff2kiwisaver.co.nz.

Further information about the assets in the funds can be found in the fund updates at ff2kiwisaver.co.nz/resources.

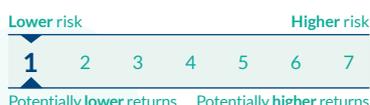

4 | WHAT ARE THE RISKS OF INVESTING?

Understanding the risk indicator

Managed funds in New Zealand must have a standard risk indicator. The risk indicator is designed to help investors understand the uncertainties both for loss and growth that may affect their investment. You can compare funds using the risk indicator.

Risk indicators for each Fund can be found in Section 3.

Risk indicator

The risk indicator is rated from 1 (low) to 7 (high). The rating reflects how much the value of the fund's assets goes up and down (volatility). A higher risk generally means higher potential returns over time, but more ups and downs along the way.

To help you clarify your own attitude to risk, you can seek financial advice or take our investor profile questionnaire at ipq.fisherfunds.co.nz/fftwo.

Note that even the lowest category does not mean a risk-free investment.

This risk indicator is not a guarantee of a fund's future performance. The risk indicator is based on the returns data for the five years to 31 December 2021. While risk indicators are usually relatively stable, they do shift from time to time. You can see the most recent risk indicator in the latest fund update for each of the funds.

General investment risks

Some of the things that may cause a fund's value to move up and down, which affect the risk indicator, are:

- » **Investment returns risk** – different types of investments have different risks and perform differently at different times. For example, the return on growth assets tends to go up and down more than the returns from income assets. This means short term fluctuations in the value of a fund are common, especially for funds that invest mostly in growth assets like shares.
- » **Market risk** – investment market performance can be affected by economic conditions such as investor opinion, inflation, employment rates and interest rates (including negative interest rates). Political events, and environmental and technological issues also impact investment market performance.
- » **Currency risk** – investments in foreign assets are bought and sold with foreign currency, and the fund may hold foreign currencies directly. The value of the foreign assets and currency can change (up or down) when there are movements in the exchange rate between the New Zealand dollar and the currency of the foreign country.
- » **Investment manager risk** – how we choose to allocate each Fund's investments (and the investment decisions made by the managers of any underlying funds in which we invest) will affect that Fund's returns. In particular, our investment style may result in our returns differing from any market index and from competing investments.
- » **Credit risk** – the issuer of a security, an institution that we deposit funds with, or a third party that provides a guarantee for either may not honour their obligations, fail to complete transactions, or may become insolvent. If this occurs you may not receive the full amount of your investment in that fund.
- » **Counterparty risk** – a party to an investment contract may not honour their obligations, or fail to complete a transaction, or may become insolvent. If this occurs in any of the investment contracts held by a fund, you may not receive the full amount of your investment in that fund.
- » **Interest rate risk** – fixed interest investments may become more or less valuable depending upon changes in interest rates. If market interest rates rise, existing fixed rate investments become less valuable because new fixed interest investments will pay the current, higher rate of interest, and vice versa when market interest rates fall. Interest rate risk is more applicable to funds that invest mostly in income assets like cash and fixed interest.
- » **Liquidity risk** – low liquidity can affect the ability of the fund to make payments when needed (such as meeting withdrawal requests), or you may receive a lesser amount than expected if the assets have to be sold quickly and there are few buyers.

Further information on risks and the steps we take to reduce their impact on the funds' investments are set out in the "Other Material Information" document on www.companiesoffice.govt.nz/disclose.

5 | WHAT ARE THE FEES?

You will be charged fees for investing in Fisher Funds TWO KiwiSaver. Fees are deducted from your investment and will reduce your returns. If Fisher Funds invests in other funds, those funds may also charge fees. The fees you pay will be charged in two ways:

- » **regular charges** (for example, annual fund charges). Small differences in these fees can have a big impact on your investment over the long term;
- » **one-off fees** (for example, fees charged for investing or withdrawing from a fund or for other specific actions you take). Fisher Funds does not currently charge any one-off fees.

The tables below detail all Fisher Funds TWO KiwiSaver fees. The annual fund charges are based on the fees and expenses from the 31 March 2021 audited financial statements. They are a reasonable estimate of the annual fund charges that are likely to be charged in the future.

Fund	Annual fund charges % of net asset value
Preservation Fund	0.61%
Conservative Fund	0.92%
Balanced Fund	0.94%
Growth Fund	1.04%
Equity Fund	1.15%
GlidePath, age 25 ³	1.15%
GlidePath, age 40 ³	1.08%
GlidePath, age 55 ³	0.95%
GlidePath, age 65 ³	0.93%
GlidePath, age 75 ³	0.90%

³ The GlidePath options shown above are a representation of the GlidePath life cycle. There is no extra charge for GlidePath. The annual fund charges for the underlying fund(s) apply.

Description of the above fees

Annual fund charges:

- » This is made up of:
 - » The management fee charged by Fisher Funds for providing investment management services to the funds
 - » Fees charged by the Supervisor
 - » Expenses incurred by the funds for services such as accounting, custodian, unit pricing and audit services
- » The annual fund charges are paid from the funds, or the underlying funds they may invest in.

Individual action fees

There are no contribution, establishment, termination, or withdrawal fees charged.

Example of how fees apply to an investor

Jen invests \$10,000 in the Balanced Fund. The starting value of her investment is \$10,000. She is charged management and administration fees, which work out to about \$94 (0.94% of \$10,000). These fees might be more or less if her account balance has increased or decreased over the year.

Estimated total fees for the first year

Fund charges	\$94.00
--------------	---------

See the latest fund update for an example of the actual returns and fees investors were charged over the past year.

This example applies only to the Balanced Fund. If you are considering investing in other funds or investment options in the Scheme, this example may not be representative of the actual fees you may be charged.

The fees can be changed

Our fees may change or new fees may be added – we'll let you know beforehand if they do. If we do make any changes, we'll make sure they are within the rules for Fisher Funds TWO KiwiSaver and notify those changes to the Supervisor.

Fisher Funds must publish a fund update for each fund showing the fees actually charged during the most recent year. Fund updates, including past updates, are available at ff2kiwisaver.co.nz.

6 | WHAT TAXES WILL YOU PAY?

Fisher Funds TWO KiwiSaver is a portfolio investment entity. The amount of tax you pay is based on your prescribed investor rate (PIR). To determine your PIR, go to page 24.

If you are unsure of your PIR, we recommend you seek professional advice or contact the Inland Revenue Department. It is your responsibility to tell Fisher Funds your PIR when you invest or if your PIR changes. If you do not tell Fisher Funds, a default rate

may be applied. If the rate applied to your PIE income is lower than your correct PIR you will be required to pay any tax shortfall as part of the income tax year-end process. If the rate applied to your PIE income is higher than your PIR any tax over-withheld will be used to reduce any income tax liability you may have for the tax year and any remaining amount will be refunded to you by Inland Revenue.

Give us a call, or check out ff2kiwisaver.co.nz/questions/tax-and-fees for more information on KiwiSaver tax.

Section 2 – Identification options

Fisher Funds is required to verify the identity of new clients and associated parties under the Anti-Money Laundering and Countering Financing of Terrorism Act 2009 ('AML/CFT Act'). We offer clients two ways to confirm their identity.

Option 1 – Electronic identity verification (not available for minors)

Fisher Funds has the ability to electronically verify your identity and address. Once we have received your application we will send you an SMS via our third party partner to biometrically verify your identity. To complete this method of verification you must have: a smartphone (with a front camera that is capable of taking a photo/video) and a current (not expired) version of one of the following:

- » New Zealand Passport
- » New Zealand Drivers Licence
- » Australian Passport
- » Australian Drivers Licence

If this method of identification is unsuccessful you will be required to provide certified ID and proof of address.

Option 2 – Certified copies of identity documents and proof of residential address

Please provide a certified copy of your identity documents and proof of your residential address. Refer to sections 3 and 4 for information on acceptable identity documents and who can certify them.

Preferred identification method – please select one of the following options:

Option 1 – I would like Fisher Funds to electronically verify my identity (if selected go to Section 6)

Option 2 - I would like to provide Fisher Funds with certified copies of my identity documents (if selected go to Section 3)

Section 3 – Certified identity documents (18 and over)

If you selected Option 2 as your preferred way for us to verify your identity please select one of the certified identification options below. If you have selected Option 1 you do not need to provide certified ID now.

We are only able to accept original certified copies of certified ID (i.e. the copy that has been physically certified). These documents must be posted to us, our postal address is on page 17.

If you are an existing Fisher Funds client we may have your identification documents on file, please contact us to confirm this. We may request new identification documents from you.

OPTION A: (preferred)

Passport (containing name, date of birth, photograph and signature)

OR

New Zealand Firearms Licence

OR

New Zealand Driver Licence (front and back)

OPTION B:

Full Birth Certificate

AND one of the following

18+ Card/Kiwi Access Card

OR

Section 6 – Contributions

If you are employed

If you are employed your regular contributions will be made by your employer.

- » You must let your employer know the contribution rate you have elected (as a percentage of gross salary or wages).
- » If you are joining KiwiSaver for the first time please let your employer know.

If you are transferring

If you are transferring from another KiwiSaver provider and are contributing via your employer, your contributions will be automatically redirected to Fisher Funds.

If you are not employed or self-employed

If you are not employed (unemployed, under 18 and not working, retired, etc) or self-employed you will invest directly with Fisher Funds.

To set up a one off or regular direct debit, please complete the Direct Debit Form on page 25 of the product disclosure statement.

Section 7 – Investment options

You can select our GlidePath service, choose from three investment strategies (an investment mix designed to suit a specific investor profile) or you can create your own investment strategy by choosing either a specific fund or a mix of our individual funds in the proportions you wish. For help with choosing an investment strategy, take our investor profile questionnaire at ipq.fisherfunds.co.nz/fftwo. You can change your investment strategy at any time

To select GlidePath tick the box below:

Section 10 – Privacy statement

Your personal information may be used by Fisher Funds and the Supervisor (and any of their respective related entities), and by service providers to Fisher Funds and the Supervisor (and their respective related entities) to provide services in relation to your investment and to promote to you other products and services. Such information, including your account information, may be shared with and used by your financial adviser or the distributor through which you joined the Scheme (if applicable) and by the Financial Advice Provider associated with that adviser or distributor for the purpose of providing ongoing financial advice and/or services to you. Fisher Funds may also be required to disclose your information to the Financial Markets Authority, other regulatory authorities or on receipt of a court order.

The information you provide may also be used to electronically verify your identity and address (if necessary), and may be disclosed to third parties including government agencies for this purpose.

You have the right to access the information held by Fisher Funds and you may also request that it be corrected. You can do this by contacting us at enquiries@fisherfunds.co.nz or call us on 0508 FISHER (0508 347 437). If you contact us or we contact you, we may keep a record of that contact. We may also monitor and record calls you make to us and that we make to you. If you are concerned about a possible interference with your privacy, you should contact us by writing to The Privacy Officer, Fisher Funds Management Limited, Private Bag 93502, Auckland 0740 or email privacy@fisherfunds.co.nz. If your concerns are not resolved to your satisfaction, the matter can be referred to the Privacy Commissioner on 0800 803 909 or enquiries@privacy.org.nz.

Section 11 – Declaration

- » I have read the product disclosure statement (PDS) and agree to be bound by the terms and conditions of the PDS and Governing Document.
- » I understand that the Scheme is a vehicle for long term investment and that the value of my investment is liable to fluctuations and may rise and fall from time to time.
- » I understand the manner in which the fees will be deducted from my investment.
- » I acknowledge that neither the Manager nor the Supervisor will be liable to me for any loss as a consequence of the investment direction given on this form or any later investment direction given in accordance with the Governing Document (and that none of the Manager, the Supervisor, the Crown or any other person guarantees the performance of the fund(s) I select). I meet the eligibility criteria for joining the Scheme as set out in Section 2 of the PDS.
- » If I am transferring from another KiwiSaver scheme or registered scheme I authorise the Manager and Supervisor of the transferring scheme to provide to Fisher Funds and the Supervisor of the Scheme any of my personal information as necessary to complete the transfer of my account.
- » I agree to the terms outlined above in relation to the privacy statement and the handling of my personal information.
- » I understand that the financial adviser or distributor through which my investment was made (if applicable) may be remunerated by the Manager for distributing the Scheme.
- » I confirm that all of the information I have given in this application is true and correct.
- » I will notify Fisher Funds immediately if there is any change in any information I have given in this application.
